

**PRIMARY CARE PARAMEDIC CERTIFICATE
2018-2019**

INSTRUCTOR: Patricia Penton
Office: S109C
Phone: 780-791-8989
Email: Patricia.Penton@keyano.ca

COURSE DESCRIPTION:

PCP 409 - Hospital Practicum
1 credits, 36 hours

Keyano College values quality education. For pre-hospital professions, a critical component of this quality is the clinical experience. The clinical placement allows students, under the guidance of an experienced professional, to apply the skills they have learned. This mentoring process allows the student to safely develop confidence and competence with their new skills and knowledge by both observation of skilled professionals, and application of their skills in a supervised environment.

Pre-requisites: PCP 400, PCP 406 and PCP 407

COURSE OUTCOMES:

The student will be able to:

- Demonstrate familiarity with the hospital environment including policies and procedures.
- Participate as a member of an interdisciplinary health care team.
- Practice mandatory competencies and have them signed off by preceptor.
- Document patient care including assessments, history and treatments.
- Articulate the role of pre-hospital care professional in the health system.

COURSE EVALUATION:

For successful completion of this course, students must:

1. Complete a minimum of 36 hours in the hospital setting.
2. Successfully complete and be signed off for all mandatory competencies for the minimum number of times outlined in the Hospital Practicum Booklet.
3. Successfully complete and document the midterm and final evaluation form in the Hospital Practicum Booklet.
4. Return the completed practicum booklet to Keyano College.
5. Ensure all information is up-to-date in CompTracker® and this information verifies the successful completion of the mandatory competencies.

Final Evaluation - Pass/Fail
