Start gathering your documents as soon as you receive final admission to your program

If you are waitlisted, gather your documentation and begin updating your immunizations so that it is ready in the event of a short notice admission

DEFINITION: Immunizations are a series of vaccination doses you may have received beginning when you were an infant and continuing throughout your life. These immunizations protect you and others from common communicable diseases.

You are responsible to ensure that you meet the recommended immunizations recommended by Alberta Health Services Immunization Program Standard #08.302 (revised June 1, 2017)

Specific immunizations and screening tests for health care students are strongly recommended by Alberta Health Services. Alberta Immunization Standards for Health Care Workers **are required** for participation in clinical/practicum placements

- Gather all your immunization records from home and/or your healthcare provider or by registering and using My Health Alberta <https://myhealth.alberta.ca/myhealthrecords>

- In all correspondence to the College Nurse - Health Services, always include your program of study, updated immunization information, and next appointment with Public Health. If this information is not included in your submission, it may delay processing of your immunization records and clinical clearance.
- After your immunizations are received, they will be reviewed by the College Nurse and you will be contacted via your Keyano email regarding your immunization and clinical clearance status
